**FINANCIAL HANDBOOK
ANN ARBOR FRIENDS MEETING
VERSION FOR COMMITTEE CONVENERS**

I. INTRODUCTION

This handbook was written by the Finance Committee of the Ann Arbor Friends Meeting. It should be used by members and attenders, committees, staff, and in Meeting for Worship for Business (hereafter “business meeting”) as a guide to the processes used by the Meeting in conducting the financial part of its operations. Suggestions for modifications or updates should be given to the Finance Committee.

This version, available on the Meeting website, consists of those portions of the full Finance Handbook that may be of most use to Committee Conveners and others who are not on Finance Committee. A copy of the complete handbook (including Finance Committee procedures and forms) is available in the Meeting office (digital format and hard copy) and in the front lobby of the Meetinghouse (hard copy).

The Meeting operates on a calendar year fiscal year (January 1 through December 31). See Section V, below. The Finance Committee starts preparing the budget in September of each year, for initial presentation to the Meeting at the October business meeting, and approval at the November business meeting. All expenses and income are categorized by account numbers, listed in Appendix 4. Each committee should submit its budgetary needs for the coming year to the Finance Committee in September. Committee budgets run for the fiscal year only, and unspent budgetary lines are generally not carried over to the next fiscal year. Committee conveners are encouraged to submit all requests for payment of items during the fiscal year to the Treasurer in time to pay them before December 31 of each year.

The Meeting maintains several special funds, which are accounted for separately from the general operating budget. These funds do not expire at the end of the fiscal year, but are maintained on an ongoing basis for longer-term needs of the Meeting. See Appendix 3 for a list of these funds, their purposes, and their administration. New funds must be approved at a business meeting.

(Not included in this version)**

III. AUTHORIZATION OF EXPENSES, PAYMENTS (Sections C and D not included in this version.)

All expenses of the Meeting must be authorized in advance by an appropriate person or group as noted below. Each expense must have the documentation noted. The purpose of the documentation is twofold: 1) to confirm that the expense is authorized and included in the budget, or falls within the purpose of a special fund, and 2) to assure that the goods or services have been received. If the Treasurer is asked to pay in advance, a notation of receipt should be submitted to the Treasurer as soon as the goods or services have been received. Expense requests not documented will be returned by the Treasurer without payment.

Standard documentation includes an authorization of payment form (Appendix 1) and an invoice, receipt, packing slip, or other notation of the item received. All properly documented and authorized expense requests are paid weekly by the Treasurer. Emergency documented requests may be made directly to the Treasurer for faster payment. In addition to the Treasurer, the Clerk and the Meeting Worker are also authorized to sign checks, with the same documentation needed. The form in Appendix 2 is used if a person wishes to donate the cost of the expense as an in-kind contribution, with the same accompanying documentation and authorization signature. Purchases made on behalf of the Meeting are exempt from sales tax. Persons making such purchases should ask the Treasurer or Meeting Worker for documentation of tax-exempt status to file with the vendor.

IV. PAYMENTS AND CONTRIBUTIONS TO THE MEETING (Section D not included in this version.)

A. Contributions

All checks should be made payable to the Ann Arbor Friends Meeting. Any special fund or reason should be noted on the check or in a note attached to the check (e.g., “payment for literature,” “facility use” etc.). Any gift not otherwise designated will be credited to the general operations budget as a contribution.

B. Temporary Funds

1. The Meeting may establish temporary funds for particular purposes on the recommendation of an individual or a committee, usually after receiving a recommendation from Finance Committee. Such temporary funds may be for any purpose the Meeting approves as worthy of its support, whether or not the Meeting also contributes money from its operating budget or special funds for the purpose. When a temporary fund is established, the name and address of the payee will be specified for the Treasurer. Contributions to the Meeting may be earmarked for a particular temporary fund. The Treasurer will pay all money in a temporary fund to the payee promptly, usually on a monthly basis.
2. Temporary funds are time-limited, and will automatically expire after twelve months unless the Meeting sets a shorter time limit. If a temporary fund is about to expire, the Meeting may approve extending the term of the fund for up to twelve additional months.
3. The Meeting may also set a dollar limit for any temporary fund, in which case the fund will terminate once that dollar amount has been paid out. Any money remaining in the fund will revert to the unrestricted cash balance, unless the Meeting provides otherwise when establishing the fund.

C. Special Projects

1. If a committee plans an event or project that will generate income (such as a fundraiser or an event for which a donation is requested to cover expenses), the committee should request that checks be made out to the Ann Arbor Friends Meeting. The group should submit all checks and cash received, together with requests for payment, to the Treasurer, preferably at the same time.
2. Any net income generated by such an event will be credited to the committee for its use within the current budget year.

(Section D not included in this version.)

E. Literature

Payments for literature and books purchased by individuals are included in this category, unless a committee specifically decides to purchase a particular book on a “pass through” basis, with payment made in advance of purchase.

F. Funds

1. The Meeting has established several funds, which consist of separately accounted-for amounts for particular purposes that do not expire at the end of the year, but which continue from year to year. The funds are either for special purposes that may or may not occur during any given year, or for purposes that are included in the regular budget, but that may vary greatly from year to year, and which we want to plan for on longer than an annual basis. See details about individual funds in Appendix 3.
2. It has been our practice at the end of each year to review any surplus in the annual budget and, when we recognize a need, to transfer some or all of that surplus into

one or more of the funds. If there is a surplus in a budget item related to a particular fund, we consider transferring the surplus into that fund. For some funds we have established a “goal” or “floor” for that fund. If the fund is less than that goal at the end of the year, we will try to transfer some money into it.

Process for Handling Income and Expenses for Sanctuary Fund (268)

A. Requests for payment of expenses

All expenses that are made from the Sanctuary Fund must be approved by the Convener of the Sanctuary Committee or a member delegated by the Convener. (Certain regular recurring expenses may be approved in advance for regularly scheduled payment.) All payments are requested by submitting a signed Sanctuary Fund Expense Form (see next page) to the Sanctuary Bookkeeper. Invoices may be submitted on paper or electronically. In the latter case, an email directly from the person approving the expense will be considered as a signature. The Sanctuary Bookkeeper assigns an invoice number to each request, enters the information into the Sanctuary accounting system, keeps a copy of each invoice, and submits all current invoices to the AAFM Treasurer for payment before the second Sunday of each month.

The AAFM Treasurer pays all completed invoices according to the usual AAFM procedure, adding the date of payment and check number to each invoice.

B. Donations to the Sanctuary Fund

All direct donations to the Sanctuary Fund are credited to the Fund. The Convener of the Finance Committee forwards the AAFM monthly accounting to the Sanctuary Bookkeeper by the second Sunday of each month. The Sanctuary Bookkeeper records all donations into the Sanctuary accounting system on a monthly basis, using the income figures from the AAFM monthly accounting (after subtracting any income that was a reimbursement from ICPJ or a transfer of funds from the AAFM—see below.)

C. Reimbursement from ICPJ

On a monthly basis, after the 15th of the month, the Sanctuary Bookkeeper submits an accounting to ICPJ for reimbursement of net expenses (total monthly expenses minus direct donations and other unrestricted income). Original receipts are submitted to ICPJ. When a reimbursement check is received from ICPJ, the Meeting Worker notifies the Sanctuary Bookkeeper of the date of the receipt.

D. Transfer of funds from AAFM

Any money transferred into the Sanctuary Fund by AAFM shall be applied and used as directed in the minute of transfer. (So far, all money transferred is being used as a reserve to cover expenses that will later be reimbursed.)
